

Disposable ECG Leadwires

9Line Single Patient Use ECG Leadwires are fully sourced and manufactured in the USA for Rising Eagle Medical, a SDVOSB. These leadsets were designed to connect with the most common medical devices found in the DOD and Department of Veterans Affairs to allow the seamless transition of patients while also supporting infection control initiatives.

Key features include:

Ease of Use

- Available on ECAT, DAPA, & MSPV
- Customizable, peelable, full shielded ribbon cable with built in cable management
- AAMI color-coded connections for easy Identification and placement
- Simplified workflow allowing for seamless transition of patients without removing leadwires
- Helps support infection control initiatives
- Multiple length options so you can choose the length that works for you —30 and 50 inches; custom length options also available
- Multiple options—3 and 6 lead with snap or pinch locking mechanism
- Latex Free

Compatible with

- Nihon Kohden® Monitors

Made in the USA and on
ECAT, DAPA, & MSPV
